

Battleground Weird War II

by Brian Cottrell

Lilith: The creature known as Lilith is none other than the first wife of the biblical Adam. It is said that God created both Adam and Lilith as equals to live together within the Garden of Eden, but Lilith thought herself to be above Adam and refused to acknowledge him as her equal. As her disgust for Adam grew, she uttered the true name of God and left Eden of her own free will. After leaving Eden, Lilith mated with many of the Fallen Angels, giving birth to untold thousands of demons called Lilin. In Eden, Adam grew lonely for his wife and prayed for God to return her to Adam. God sent the angels Senoy, Sansenoy and Semangelof to return Lilith to the garden but she venomously refused to return to her lesser. Because of her refusal the angels told her that she would be punished by having 100 of her offspring killed each day she refused God's will and 100 of her demonic offspring were killed. Enraged, she proclaimed that she would prey on the children of Adam for her damnation and the slaughter of her offspring. Thus, the demon know as Lilith was born. Lilith continued to mate with the Fallen, giving birth to untold numbers of Hell spawn through the ages as 100 continued to die each day for her sins. These creatures are now known as the Incubi and Succubi, which are the offspring of Lilith and her numerous demonic suitors. Throughout history, she has fed off humanity and her lust for vengeance is never satisfied. It is believed that Lilith has currently struck a deal with the Third Reich to become the Nazis' top interrogator. Using her supernatural lures and whiles, she gains the information needed in return for protection and an unlimited pool of victims to devour. She is said to be stationed in Berlin but it is reported that she often travels to various prison camps with her entourage to hold interrogations when needed. Lilith is truly the mother of all that is evil and must not be shown any mercy or pity, as she will never offer any herself.

Matriarch of the Damned: Lilith is the matriarch of all the Incubi and Succubi demons on Earth. All of these demon types will bow to her authority and will do whatever she commands. She has an unlimited Command Range and only needs to be on the battlefield to control her children. Lilith is considered the most vile sadist known to humanity equal only to Satan himself in debauchery and vileness. This may be why the only creature she has ever submitted to was the Prince of Darkness himself.

Sadistic Lust and Superhuman Attributes: Like her children, Lilith survives by feeding off humanity's life force. She has maintained her youthful appearance over the ages through her feedings. She is absolutely incorruptible and fears little. She has 4 Actions per turn with 19-5 Morale. She will never give Quarter and can never be a coward or hero. She can never break unless due to the righteous and will never be Suppressed or take Gut Checks. She is considered to have the strength of several men thus double all throwing ranges. The only way to kill Lilith is if she sustains 2 Gory Death results. Lilith will ignore the first Gory Death result and will only have 3 Actions after sustaining her first Gory Death result. All wounds are accumulative.

Supernatural Phase: Lilith and any slaves she may have will take their Actions in the Supernatural Phase, which is after the Artillery Phase. However, slaves may be moved by their unwitting players until they are exposed as slaves which they will then perform their Actions during the Supernatural Phase as normal. The only exception to this is that the Sage twins must move with her during this phase, no matter the situation.

Movement: Lilith is extremely fast and agile which allows her to move up to 10", crawl 5" and leap up to 6" per Action. Unlike her children, Lilith has no wings and cannot fly.

Sight and Hearing: Lilith receives a -2 column shift when making normal Sight Checks. She will also ignore all Night Rules for sighting. Lilith has normal human hearing and will follow all rules as such.

Close Combat: Lilith acts similar to her children in this category except she rolls 3 dice for her final score, choosing the best.

Sexual Aura and Feeding: Lilith, like her children, must feed off humans to survive so her rules are as her offspring with the exceptions below. Lilith will feed off any human of any age. Lilith is also able to survive much longer between feeding so she is not bound by the rules for minimum feedings per battle. The only exception is that Lilith must feed off the Sage twins every D20+10 turns for all but 1 of the max score rolled for doing so. Lilith will roll a D10 for both the twins as she will have both at the same time during feeding and they are always at her side for just this reason. If for any reason one of the twins are not present or one is dead, then she will roll a D20+10 for her feeding score. Her addiction to these two nuns is of such that failure to do feed of them would cause her to kill herself in the agony of withdrawal.

Sexual Enslavement: Lilith acts identical to her spawn in all rules except in that she is able to enslave 20 humans at any given time and doesn't need to feed off them but once to keep her enslavement true. Ex-slaves will also suffer a +8 to all dice rolls if freed during a battle.

The Righteous: Lilith is not bound by any of the righteous rules as she has the Sage twins for her fix, she can however feed off these individuals but they must make a ¼ Morale Check with a +2 modifier to overcome her advances.

Infiltration: Lilith is a commissioned agent of the Third Reich and will benefit from all that her station offers within the Nazi State and its occupied areas. She reports directly to Hitler and Himmler and is not subject to any other command. Even these two are fearful of her wraith and rarely show any kind of dominance over her when issuing orders. Lilith will only command those within her entourage and will never commandeer other friendly units due to her disdain for humanity unless she has enslaved them for her own needs.

The Sage Sisters: The twins that follow Lilith are the Sage sisters. These twins were born in the late 13th century in England. The sisters both entered the church at an early age and were very devote and passionate within the sisterhood. It is said that once Lilith set her eyes on the two she was instantly enslaved by her own lust for their purity. It is because of the twin's faith and purity that Lilith has become addicted to the twins and must have them at a moments notice so they accompany her everywhere she goes. The sisters are bound and gagged because their faith has keep them from Lilith's enslavement and if they were able to speak they could themselves seduce Lilith to their will. If it were not for several of Lilith's slaves she would have killed herself when one of the twins freed her gag and told her to do so. It is not know how the two remain the same age of their capture but it is obviously mystical in nature. The twins have not aged a day since their teens in the 13th century. It is not known if the two are sane but they still act as if they are. Whatever depravity and Hell the twins have been through it is theorized that given the chance they would end their torment by destroying their master without hesitation. Due to Lilith's addition to the two girls, she will do anything to keep them under her control and to see them safe. Lilith is bound by her addiction to feed as listed above in the Feeding Section. If one of the twins should die Lilith will immediately flee with the surviving one off the board. If both are killed then Lilith will succumb to the horror and kill herself immediately. Any slaves near may attempt to stop her by fighting her as if in close combat. If a 1 is rolled without modifier then the slave has pinned Lilith or knocked her out and will immediately flee of the board with their master. The twins can be harmed as the normal rules. If either of the twins are set free or is able to speak, she will command Lilith to kill herself immediately. Slaves may attempt to save her as stated above in a situation like this but it his unlikely that they will able to prevent her from doing as the twin commands. The twins only have command over Lilith and no other demon of this type.
